Business Description

4(a) Describe the nature of your business and principal products and/or services. Attach additional sheets if necessary.

Vicks Lithograph & Printing Corp. (Vicks) is a content delivery company. Founded as a printing company in 1918 by Dwight E. Vicks, Sr., Vicks has diversified into related aspects of print driven by market needs. The traditional offset printing focuses on soft cover book production utilizing sheet-fed and web presses and an extensive book bindery. The digital print platform allows Vicks to produce very short quantities and customized books economically. The distribution platform provides pick, pack and ship services for its publishing customers. Vicks has two strategic alliances: The first is with Absolute Services, Inc., a pre-media company that prepares content for electronic distribution. The second is with Caligraving, Ltd, a soft cover book manufacturer in the UK that allows both Vicks and Caligraving to print and ship locally for customers that sell in the US and Europe.

Part II: Project Information

5(a) Explain your project in detail. This description should include explanation of all activities which will occur due to this project. Attach additional sheets if necessary.

Vicks' largest customer is Alfred Music Publishing (Alfred), a leading publisher of educational music methods who utilizes both the traditional and digital print platforms of Vicks' soft cover book manufacturing. Alfred was sold in August 2016 to Peaksware, a content provider based in Boulder, Colorado. The 103,000 sq.ft. Alfred distribution facility is located in Oriskany, New York. Duke Vicks, the father of the current president, established the partnership with Alfred and was responsible for Alfred moving its distribution facility from Port Washington, Long Island, to central, New York. Peaksware understands distribution is important, but not a core competency. Thus Peaksware has gone to market to outsource distribution. JGV, LLC, has offered to purchase the Alfred building in Oriskany, invest over \$1,000,000 into the facility, and employ the 32 people currently working for Alfred. If successful, JGV, LLC will assume all distribution functions for Alfred.

Reasons for Project

6(a) Please explain in detail why you want to undertake this project.

This will allow Vicks to expand its distribution platform to continue to diversify revenue in an attempt to replace a decline in its traditional offset revenue that has taken place since 2001. If successful, this project will increase distribution revenue 2.5 times. It will also retain the 32 jobs that Alfred was going to terminate. Given Alfred is Vicks' largest customer, this project will protect 15 jobs at Vicks, if not more, by protecting digital and offset print volume. If Vicks does not win this project, the distribution function will be moved to the midwest and/or Salt Lake City, Utah. The resulting increase in freight costs will cause Alfred to shift print to facilities closer to a competing distribution center.

6(b) Why are you requesting the involvement of the Agency in your project?

Vicks will celebrate its 100 year anniversary next year. The company was founded in Utica, New York and has invested all its resources in this community and its work force. This longevity is significant given the dramatic decline in the demand for print in the last 15 years. Winning this deal will protect at least 15 jobs at Vicks and keep 32 jobs in Oriskany that would be lost if Peaksware decides to award the business to the other two finalist, both of which have warehouses in the south east, midwest and western US. Vicks is seeking involvement from the Agency to improve the competitive position of our deal, thereby supporting the goals of Vicks and the Agency, specifically keeping jobs and economic prosperity in our community.

6(c) Please confirm by checking the box, below, if there is likelihood that the Project would not be undertaken but for the Financial Assistance provided by the Agency?

Yes or No

If the Project could be undertaken without Financial Assistance provided by the Agency, then provide a statement in the space provided below indicating why the Project should be undertaken by the Agency:

Both companies that are competing for this project are outside New York and located in states with a lower cost of business. Each is most likely seeking similar economic assistance with the attraction of bringing jobs to their local communities. Obtaining financial assistance from the Agency levels the playing field for us to compete with out of state competitors.

How will the Applicant's plans be affected or scaled back if Agency approval is not granted?

Alfred's distribution center in Oriskany was not adequately maintained because Alfred was in financial difficulty prior to selling to Peaksware. Improvements total \$1 MM. Although these improvements are not considered discretionary, some might be delayed potentially causing increase costs should the Agency not support this project. Some jobs may also be at risk without assistance. Although this project is critically important to Vicks, the competitive landscape of the print and publishing world is extremely intense. and margins are thin. Agency support is vital to allow Vicks to succeed. +

6(d) Is the proposed project reasonably necessary to discourage the Applicant from removing such other plant or facility to a location outside the State of New York?

Yes No **If yes, please explain briefly.**

Peaksware indicated the decision is between Vicks, a music dealer with distribution facilities in Atlanta and Salt Lake City, Utah, and a distribution company located in the midwest. Should Vicks not win this deal, all 32 jobs in Oriskany would be lost, and the 103,000 sq. ft. warehouse vacated.

6(e) Will financing by the Agency result in the removal or abandonment of a plant or other facility of the applicant or any related entity presently located in another area of New York State?

Yes No

If yes, is the proposed project reasonably necessary to preserve the competitive position of the Applicant in its respective industry? Yes No

If yes, please provide a statement and evidence supporting the same. Include the name of all taxing jurisdictions in which the abandoned facility or plant lies, and whether Applicant has had any discussions with said taxing jurisdictions regarding the abandonment. Please provide as much detail as possible.

6(f) Has the Applicant or any related entity previously secured financial assistance in Oneida County (whether through the Agency, the Empire State Development Corporation, or any other entity) ? Yes No

If yes, please explain (indicate date of benefit, location of facility and outstanding balance).

In 1999, Vicks Lithograph & Printing Corp. embarked on a \$4,700,000 expansion that included purchasing an adjacent property at 5196 Commercial Drive, Yorkville, NY, for \$1,200,000 to house a \$1,500,000 web offset printing press uniquely configured to support the 9" x 12" music market. In 2000, a new \$750,000 20,000 sq.ft. Butler building was added to the main 5166 Commercial Drive property to house a new \$1,250,000 perfect and lay-flay soft cover perfect binder. Vicks received a PILOT from the OCIDA for these

6(g) Has the Applicant or any related entity secured financial assistance anywhere within the United States within the last 90 days or does the Applicant or any related entity anticipate receiving financial assistance within the next 90 days? Yes No

If yes, please explain.

Vicks has not received any financial assistance in the last 90 days. In addition to applying to the OCIDA for assistance, Vicks and JGV, LLC will also apply for assistance through the New York State Economic Development Agency.

MEMORANDUM TO COMPANIES SALE-LEASEBACK TRANSACTIONS

1. When a Company decides that a sale-leaseback transaction may suit its particular needs, the first order of business is for the Company to complete an Application for Financial Assistance, together with an Environmental Impact Questionnaire, Cost/Benefit Analysis and Statement of the Project Applicant (referred to collectively as the "Application"). The Application is submitted to Agency Counsel for a formal decision as to whether or not the project qualifies as a "project," as defined by law.
2. No action can be taken until the Application is completed and submitted to the Agency and approved by Agency Counsel.
3. Upon completion of the Application and approval by Agency Counsel, the Agency will meet for the purpose of adopting an Inducement Resolution and reviewing the Environmental Impact Questionnaire, Cost/Benefit Analysis and Statement of the Project Applicant. At this time a Resolution may be adopted by the Agency concerning the environmental impact. **Please note that the Agency is subject to the Open Meetings Law, and all meetings will be open to the public, including news media.**
4. The Company is expected and encouraged to have its own counsel. The Company is also required to reimburse the Agency for all legal expenses incurred in furtherance of a proposed transaction, whether or not that transaction is completed. This includes all fees and disbursements of Agency Counsel.
5. The Company will be asked to sign an Inducement Agreement, which sets forth the terms of the proposed transaction and the obligations of the parties in furtherance of the same. The Company will also be asked to provide Agency Counsel with certain

information concerning the formation of the corporation or partnership, a survey of the property, title insurance, insurance certificates, etc. before the transaction can close. All matters in connection with the transfer of the real estate will be handled primarily by Company Counsel with the assistance of Agency Counsel.

6. A Public Hearing may be required in accordance with the New York State General Municipal Law, after which the Oneida County Executive must approve or disapprove the issue. Notice of the Public Hearing must be published at least thirty (30) days prior to the Hearing in the newspaper where the project is located. The highest elected official of each affected taxing jurisdiction must also receive thirty day written notice of the Hearing.

No financial benefits may be granted by the Agency to the Company until after the Public Hearing if required.

7. Agency Counsel has certain requirements as to those documents which must be included in the transaction and the content thereof, including but not limited to requiring environmental impact surveys, environmental indemnifications and general indemnifications.
8. The fee schedule is attached, covering the Agency fee, the Agency's work with respect to the project and the work of Agency Counsel.

The estimated fees for Agency Counsel may vary depending on the nature of the project. The initial fee quote assumes that the transaction closes within ninety (90) days from the date of the inducement, that there will be no unusual questions of law or prolonged negotiations regarding the documents, and that the involvement or assistance from other agencies will not require substantial modifications to the typical structure and documentation of similar transactions. The fee quote also assumes that Agency Counsel will not be called upon to coordinate with any lender, as the Agency is not issuing bonds. The fee quote assumes that closing will take place by mail and will not necessitate attending meetings with the Company or any lender.

9. Once the terms and conditions of the transaction are fairly well established, Agency Counsel prepares preliminary drafts of the financing documents and distributes them to all parties for review and comment. Comments accepted by all counsel will result in redrafting of documents. The parties establish a mutually agreeable closing date, and final documents for execution are prepared.

10. The Agency then conducts a meeting whereby it adopts an Authorizing Resolution, under which the Agency approves of the form of the documents and authorizes the Chairman to execute the same.
11. The closing takes place.
12. Some of the benefits available to a company under a sale-leaseback transaction are as follows:
 - ⇒ Exemption from New York State mortgage recording tax
 - ⇒ Exemption from New York State sales tax for materials used in construction
 - ⇒ Real property tax abatement on the value added to the project (for more information, please see the Uniform Tax Exemption Policy enclosed herewith)

**MEMORANDUM TO APPLICANTS FINANCING AN IDA PROJECT
THROUGH A COMMERCIAL LENDER**

We have found it helpful to outline at the onset of a transaction the basic structure of financing when an industrial development agency (“IDA”) has a fee or leasehold interest in a property and is party to a mortgage or other financing instrument. **Please give a copy of this memorandum to your lender as early in the financing process as possible.**

An IDA is party to a financing instrument purely as a conduit for financial assistance (in the case of granting exemptions from mortgage recording tax) and to grant its interest in the facility to the lender. To preserve the passive nature of its role, the IDA cannot assume any obligations or make any representations that a traditional Borrower would make to a lender. It has been our experience that the easiest way to accomplish this is to define the Borrower as the “Borrower,” define the IDA as the “Agency,” and only include the Agency in the granting clause and with respect to the assignment of rents, inasmuch as those are the only reasons that the Agency is party to this document.

Furthermore, because PILOT Payments are contractual obligations and are not given the same high priority as tax payments, we crafted some language that will restore the taxing jurisdictions to the same position they would have been but not for the IDA involvement in the project. While it is not disputed that is an equitable arrangement, certain lenders have expressed concern that, because the requirement to pay PILOT Payments is contained in a private contract, there is no prescribed process to avoid significant delinquencies as there is under a tax foreclosure. It has been our experience the easiest way to accomplish this is for a lender to escrow PILOT Payments so it has the assurance that payments are made in a timely manner. If a lender does not wish to escrow PILOT Payments, an alternative is for the IDA to record a PILOT Mortgage that would be given first priority over the lender’s mortgage, similar to the priority taxes have.

Below are certain provisions we require be incorporated into each financing document to which the IDA is a party (please modify capitalized terms accordingly):

1. AGENCY PROVISIONS.

a. Agency makes no covenants other than to mortgage all of its interest in the Premises excepting its Unassigned Rights (as said term is defined in the Leaseback Agreement).

b. **NO RECOURSE AGAINST AGENCY:** Lender agrees that Lender will not look to the Agency or any principal, member, director, officer or employee of the Agency with respect to the Indebtedness or any covenant, stipulation, promise, agreement or obligation contained in this Mortgage. In enforcing its rights and remedies under this Mortgage, Lender will look solely to the Premises for the payment of the Indebtedness and for the performance of the provisions hereof. Lender will not seek a deficiency or other money judgment against the Agency or any principal, member, director, officer or employee of the Agency and will not institute any separate action against the Agency by reason of any default which may occur in the performance of any of the terms and conditions of any documents evidencing the Indebtedness.

c. **HOLD HARMLESS:** Borrower and Lender agree that the Agency, its directors, members, officers, agents (except the Borrower) and employees shall not be liable for and Borrower agrees to defend, indemnify, release and hold the Agency, its directors, members, officers, agents (except the Borrower) and employees harmless from and against any and all (i) liability for loss or damage to Property or injury to or death of any and all Persons that may be occasioned by, directly or indirectly, any

cause whatsoever pertaining to the Facility or arising by reason of or in connection with the occupation or the use thereof or the presence of any Person or Property on, in or about the Facility or the Land or (ii) liability arising from or expense incurred by the Agency's financing, acquiring, constructing, renovating, equipping, owning and leasing of the Facility, including without limiting the generality of the foregoing, all claims arising from the breach by the Borrower of any of their respective covenants contained herein and all causes of action and attorneys' fees and any other expenses incurred in defending any claims, suits or actions which may arise as a result of any of the foregoing, provided that any such losses, damages, liabilities or expenses of the Agency are not incurred or do not result from the gross negligence or intentional or willful wrongdoing of the Agency, or any of its directors, members, agents (except the Borrower) or employees. The foregoing indemnities shall apply notwithstanding the fault or negligence in part of the Agency or any of its members, directors, officers, agents or employees and irrespective of the breach of a statutory obligation or the application of any rule of comparative or apportioned liability.

d. **SPECIAL OBLIGATION.** The obligations of the Agency under the Mortgage and Financing Documents constitute a special obligation of the Agency, and all charges payable pursuant to or expenses or liabilities incurred thereunder shall be payable solely out of the revenues and other moneys of the Agency derived and to be derived from the leasing of the Facility, any sale or other disposition of the Equipment and as otherwise provided in the Authorizing Resolution, the Leaseback Agreement and the PILOT Agreement. Neither the members, officers, agents (except the Borrower) or employees of the Agency, nor any person executing the Mortgage and Financing Documents on behalf of the Agency, shall be liable personally or be subject to any personal liability or accountability by reason of the leasing, construction, renovation, equipping or operation of the Facility. The obligations of the Agency under the Financing Documents are not and shall not be an obligation of the State or any municipality of the State and neither the State nor any such municipality (including, without limitation, the County of Oneida), shall be liable thereon.

e. **SUBORDINATION TO PILOT AGREEMENT:** This Mortgage shall be subject and subordinate to any PILOT Agreement between the Borrower and the Agency with respect to the payments in lieu of taxes assessed or imposed upon the Premises, and by accepting this Mortgage, Lender acknowledges and agrees that such PILOT payments shall have the same force, priority and effect as a real property tax lien under New York State law against the Premises.

If a lender chooses to escrow PILOT Payments, we will incorporate the following provisions into the Leaseback (or Lease) Agreement:

Section 9.13 Subordination to Mortgage. This Leaseback Agreement and the rights of the Company and the Agency hereunder (other than with respect to the Unassigned Rights) are subject and subordinate to the Lien of the Mortgage, and all extensions, renewals or amendments thereof. The subordination of this Leaseback Agreement to the Mortgage shall be automatic, without execution of any further subordination agreement by the Company or the Agency. Nonetheless, if the Bank requires a further written subordination agreement, the Company and the Agency hereby agree to execute, acknowledge and deliver the same.

Section 9.14 Rights of Bank.

(a) Bank is hereby given the right by the Agency, in addition to any other rights herein granted, without any requirement to obtain the Agency's consent, to mortgage the mortgagors' respective interests in the Facility and, in the case of the Company, to assign and grant a security interest in the Company's rights under the Company Documents as collateral security for its obligations to the Bank, upon the condition that all rights acquired by Bank shall be subject to all rights and interests of the

Agency herein and in the other Company Documents, none of which covenants, conditions or restrictions is or shall be waived by the Agency by reason of this right to mortgage or grant a security interest in the Facility and the Company Documents, including Unassigned Rights.

(b) There shall be no renewal, cancellation, surrender, acceptance of surrender, material amendment or material modification of this Leaseback Agreement or any other Company Document by joint action of the Agency and the Company alone, without, in each case, the prior consent in writing of Bank, nor shall any merger result from the acquisition by, or devolution upon, any one entity of any fee and/or leasehold estates or other lesser estates in the Facility. Failure of the Bank to consent to a modification of this Leaseback Agreement by the Agency shall constitute an Event of Default.

(c) If the Agency serves a notice of default upon the Company, it shall also serve a copy of such notice upon Bank at the address set forth in Section 9.1.

(d) In the event of any default by the Company under this Leaseback Agreement or any other Company Document, the Bank shall have fifteen (15) days for a monetary default and thirty (30) days in the case of any other default, after notice to the Company and the Bank of such default to cure or to cause to be cured the default complained of and the Agency shall accept such performance by or at the instigation of Bank as if same had been done by the Company. The Agency in its sole discretion will determine whether such action by the Bank amounts to a cure.

(e) Except where Bank or its designee or nominee has succeeded to the interest of the Company in the Facility, no liability for any payments to be made pursuant to this Agreement or the performance of any of the Company's covenants and agreements under this Agreement shall attach to or be imposed upon the Bank, and if the Bank or its nominee or designee succeeds to the interest of the Company in the Project, all of the obligations and liabilities of the Bank or its nominee or designee shall be limited to such entity's interest in the Facility and shall cease and terminate upon assignment of this Leaseback Agreement by the Bank; provided however, that the Bank or its nominee or designee shall pay all delinquent PILOT Payments, if any, prior to said assignment.

(g) Notwithstanding any provision of this Leaseback Agreement or any other Company Document to the contrary, foreclosure of a mortgage or any sale of the Company's interest in this Leaseback Agreement and/or the Facility in connection with a foreclosure, whether by judicial proceedings, or any conveyance of the Company's interest in this Agreement and/or the Facility to Bank by virtue of or in lieu of foreclosure or other appropriate proceedings, or any conveyance of the Company's interest in this Leaseback Agreement and/or the Facility by Bank shall not require the consent or approval of the Agency and failure to obtain the Agency's consent shall not be a default or Event of Default hereunder.

ONEIDA COUNTY INDUSTRIAL DEVELOPMENT AGENCY UNIFORM TAX EXEMPTION POLICY

Adopted by the Oneida County Industrial Development Agency on
January 28, 1994, amended on December 21, 1998 and April 30, 2009

The Oneida County Industrial Development Agency (the "Agency") has adopted the following uniform tax exemption policies. These policies will be used for all projects for which the Agency may provide financial assistance, including bond (taxable and/or tax exempt) issuances and straight lease transactions. Final determinations regarding the extent to which financial assistance, if any, will be granted are solely within the discretion of the Agency.

I. Project Eligibility Criteria

(a) General Requirements

The Agency considers the following general factors in determining whether a project is eligible for financial assistance:

- The nature of the proposed project (e.g., manufacturing, commercial, civic).
- The nature of the property before the project begins (e.g., vacant land, vacant buildings).
- The economic condition of the area at the time of the application.
- The extent to which a project will create or retain permanent, private sector jobs.
- The estimated value of tax exemptions to be provided.
- The impact of the project and the proposed tax exemptions on affected tax jurisdictions.
- The impact of the proposed project on existing and proposed businesses and economic development projects in the County.
- The amount of private sector investment generated or likely to be generated by the proposed project.
- The likelihood of accomplishing the proposed project in a timely fashion.
- The effect of the proposed project upon the environment.

- The extent to which the proposed project will provide additional sources of revenue for municipalities and school districts in which the project is located.
- The extent to which the proposed project will provide a benefit (economic or otherwise) not otherwise available within the County of Oneida.

(b) Industrial and Manufacturing Projects

(1) Industrial and manufacturing projects generally qualify for financial assistance, subject to the eligibility criteria set forth in Part I (a) of this Policy.

(2) Due to the nature of the work, companies performing back-office operations that are regional or national in nature and a majority of which operations support activities outside of Oneida County will qualify as industrial and manufacturing. Research and development facilities and distribution centers that locate in Oneida County may also qualify as industrial and manufacturing.

(c) Retail Projects

The Agency will provide financial assistance to retail facilities only in accordance with the restrictions contained in New York State General Municipal Law Section 862(2), and subject to the eligibility criteria set forth in Part I (a) of this Policy. The Agency will also consider the competitive impact of the project.

Retail projects are generally not eligible for Agency assistance, with the following exceptions:

(i) Retail businesses that primarily serve customers located in Oneida County are generally not eligible for financial assistance unless located in a "highly distressed area" as defined in General Municipal Law §854(18), which includes projects located in an economic development zone or Empire Zone (as defined in New York State statute or regulation), or the project meets one of the other requirements of this paragraph (c);

(ii) Retail projects operated by not-for-profit corporations may be eligible for financial assistance;

(iii) Retail projects may be eligible for financial assistance provided an appropriate market analysis demonstrates that a majority of the project's customers are expected to come from outside of Oneida County and the project will not directly compete with existing businesses located in Oneida County; and

(iv) Retail businesses that primarily provide a product or a service that is otherwise not reasonably available in Oneida County may be eligible for financial assistance.

(d) Other Non-Industrial/Commercial Projects

Non-industrial/commercial projects may qualify for financial assistance at the discretion of the Agency, based upon its evaluation of the eligibility requirements set forth in Part I (a) of this Policy. The Agency confirms the following specific policies:

(i) Mixed or Multiple-Use Projects qualify for financial assistance, only with respect to that portion of the project that is used for purposes that qualify for financial assistance under this Policy.

(ii) Housing projects are generally not eligible for benefits, unless they

(a) service the elderly, low-income, assisted living or other groups with special needs; or

(b) promote employment opportunities and prevent economic deterioration, as confirmed by an appropriate market analysis, and such a determination is made by the Agency based upon all of the relevant facts.

II. Real Property Tax Abatements

If the Agency determines that a project will receive real property tax abatements, a Payment-In-Lieu-Of-Tax Agreement (the "PILOT") will be negotiated with each project owner (the "Company") and will substantially follow the following guidelines with final determinations to be made by the Agency.

(i) Real Property Acquired by Company as part of Project. If the Company is acquiring real property as part of the Agency project, then the Agency's real property tax exemption will be available with respect to all real property acquired by the Company as part of the project and improvements thereto.

(ii) Substantial Improvements to Existing Real Property Owned by Company. If the Company is making "Substantial Improvements" (as defined below) to existing real property owned by the Company, then the Agency's real property tax exemption will apply to both the existing real property and the improvements.

(iii) Non-Substantial Improvements to Existing Real Property. If the improvements to existing real property owned by the Company are not Substantial Improvements, then the Agency's tax exemption shall apply only to the increase in assessment resulting from improvements constructed or installed as part of the project and the Company shall pay PILOT payments equal to the full amount of taxes on the existing real property.

The term "Substantial Improvements" means the value of the improvements constructed or installed as part of the project equals at least 50% of the value of the real property prior to construction or installation of the improvements, as determined by an independent valuation acceptable to the Agency.

(a) *Industrial and Manufacturing Projects*

The Company shall pay a percentage of the taxes that would otherwise be payable if the project was not tax exempt, to each taxing jurisdiction in which the project is located, as follows:

1. 33 1/3% of such taxes through the fifth (5th) year of the exemption;

2. 66 2/3% of such taxes from the sixth (6th) through tenth (10th) year of the exemption;
3. 100% of such taxes after the tenth (10th) year of the exemption.

(b) Retail Projects

The Company shall pay a percentage of the taxes that would otherwise be payable if the project was not tax exempt, to each taxing jurisdiction in which the project is located, as follows:

1. 50% of such taxes through the second (2nd) year of the exemption;
2. 75% of such taxes from the third (3rd) through the fifth (5th) year of the exemption;
3. 100% of such taxes after the fifth (5th) year of the exemption.

(c) Other Non-Industrial/Commercial Projects

The Company shall pay a percentage of the taxes that would otherwise be payable if the project was not tax exempt, to each taxing jurisdiction in which the project is located, as follows:

1. 50% of such taxes through the second (2nd) year of the exemption.
2. 75% of such taxes from the third (3rd) through fifth (5th) year of the exemption.
3. 100% of such taxes after the fifth (5th) year of the exemption.

The Agency reserves the right to deviate from the real property tax abatement policy on a case by case basis at its sole discretion.

III. Sales Tax Exemptions

If, based on the eligibility criteria described in Part I of this Policy, the Agency determines a project is eligible for financial assistance, the Agency's financial assistance will include exemption from sales and use tax for costs of constructing, renovating and equipping the project.

Sales and use tax exemption, when available, will be authorized for the duration of the acquisition, construction and equipping of the project as described in the application for financial assistance. The Agency shall deliver a sales tax exemption letter which will expire one (1) year from the date of the project inducement. If construction, renovation or equipping is not complete at the expiration of the original sales tax exemption letter, upon request by the Company, the sales tax exemption letter may be extended at the discretion of the Agency.

All Companies receiving sales and use tax exemption benefits will be required to supply the Agency with a list of all contractors and sub-contractors that have been authorized to use the sales tax exemption letter. This list will be appended to the sales tax exemption letter by the Agency.

The Company must keep a record of the usage of the sales tax exemption letter, and must supply the Agency with the total amount of sales and use tax exemptions claimed by the project for each calendar year. The Company must submit this report to the Agency by February 1st of each year, until the exempt period comes to a conclusion. The company shall also file all reports as may be required by applicable law, including Form ST-340 which shall be filed with the New York State Department of Taxation and Finance.

The Agency reserves the right to deviate from the sales tax exemption policy on a case by case basis at its sole discretion.

IV. Mortgage Recording Tax Exemption

If, based on the project eligibility criteria described in Part I of this Policy, the Agency determines a project is eligible for financial assistance, the Agency will provide an exemption from New York State mortgage recording tax for the financing of project costs.

The Agency reserves the right to deviate from the mortgage recording tax exemption policy on a case by case basis at its sole discretion.

V. Recapture

Agency financial assistance is granted based upon the Company's representation that the project will create and/or maintain the employment levels described in its application for financial assistance (the "Employment Obligation"). If a Company fails to achieve and/or maintain its Employment Obligation, it could result in recapture of all or a portion of tax benefits granted by the Agency.

VI. Deviations

Deviations from this Policy shall be infrequent. The Agency reserves the right, at its sole discretion, to deviate from this Policy on a case by case basis. The Agency will provide written notice to the chief executive officer of each affected tax jurisdiction of any deviation from this Policy and will comply with the deviation requirements of the General Municipal Law.

**Oneida County Industrial Development Agency
Uniform Tax Exemption and Agency Benefits Policy
Market Rate Rental Housing Development Initiatives**

1. Overview :

In furtherance of the Oneida County Vision 2020 – “Path Toward Prosperity Initiative,” the Oneida County Industrial Development Agency (“OCIDA”) has created the following Uniform Tax Exemption and Agency Benefits Policy (the “Policy”) to encourage development of specific types of market rate rental housing. This Policy meets the demands of changing population and workforce demographics and takes into account an evolving housing market that places an increasingly higher preference on lifestyle choice and geographic mobility. The expansion of OCIDA’s policy to support eligible market rate rental housing is largely driven by the anticipated employment opportunities that will be created by the nanotechnology and emerging innovation economy where a segment of the new work force that will be attracted to these type of jobs prefer market rate rental housing and unique urban living lifestyles.

The purpose of this Policy is to assist OCIDA in determining whether a housing project promotes employment opportunities and prevents economic deterioration in the area served by OCIDA, consistent with New York State Controller’s Opinion No.85-51 and the New York State General Municipal Law. This Policy is intended to be annexed to and made a part of OCIDA’s Uniform Tax Exemption Policy adopted on January 28, 1994, amended on December 21, 1998 and April 30, 2009 (the “UTEP”). OCIDA reserves the right to deviate from this Policy at its discretion and in accordance with the General Municipal Law:

2. Eligible Housing Projects:

The types of housing eligible for OCIDA consideration include market rate (rental only): ***apartments, townhouses, condominiums, loft-style housing and new urbanism type of housing developments.***¹ ***In order to be considered for OCIDA financial assistance pursuant to this Policy, projects must have a minimum of five (5) units in a renovation or conversion of a building and twenty-four (24) units for new construction, and achieve the minimum number of points to qualify for OCIDA tax incentives in accordance with this Policy.***

In addition, all applications for consideration must have a minimum project investment of \$400,000 in renovation/construction projects and \$1.2 Million for new construction rental housing projects.

All projects shall be subject to and in compliance with the New York State General Municipal Law and the UTEP. OCIDA’s UTEP requires all applicants to file a Cost/Benefit Analysis that is deemed acceptable to OCIDA.

¹ **New Urbanism** is an urban design movement which promotes walkable neighborhoods containing a range of housing and job types. It encompasses principles such as traditional neighborhood design (TND) and transit-oriented development (TOD). It is also closely related to regionalism, environmentalism, and the broader concept of smart growth.

3. Eligible Areas:

OCIDA's Uniform Policy for Tier 1, Tier 2 and Tier 3 benefits are targeted for projects that lie in the defined areas of the cities of Rome, Sherrill and Utica and 2010 Census Urbanized Areas and incorporated villages, as shown on the maps that are annexed hereto and made a part of this Policy. Projects that lie outside the three cities or the historic villages but lie within the urbanized area must have water and sewer service in place in order to qualify for OCIDA consideration.

Applications received by OCIDA for eligible projects within the defined Eligible Areas will be considered for Tier 1, Tier 2 or Tier 3 benefits provided the application can achieve the required minimum number of points for these benefit levels.

Eligible Area projects shall be located in downtowns or along main street corridors, neighborhood commercial districts, in an approved Local Waterfront Revitalization Plan (LWRP), defined areas proposed by the municipality or directly adjacent to colleges/universities campuses.

4. Criteria:

OCIDA will entertain applications for assistance that fall within the following criteria, using the following 85 point scoring system for each application received:

Criteria	Description of Criteria	Points
Adaptive Reuse Projects	Projects that propose a change in use to an existing building (e.g., reuse of vacant or underutilized facility) or propose development on a vacant urban infill site ² that is being repurposed or redeveloped for an eligible housing project.	20
Eligible Area Locations	Projects located within <i>Eligible Areas</i> (see attached map) that have 24 or more units of eligible housing units via new construction or renovation, except for urban infill development projects where the IDA will entertain applications for projects located on a vacant urban infill site that has less than 24 units of eligible housing.	20
Utilizes Existing Infrastructure	Projects that <i>utilize existing infrastructure</i> (i.e. utilizing both existing sewer and water services and do not require system expansion. Modernizations, such as replacing existing pipes where service is already provided, are viewed favorably).	15
Community Benefits	Projects that create other benefits that inure to the benefit of the community that may include: rebuilding community infrastructure, pays sewer credits, creates or contributes to a community amenity, dedicates land to a municipality for a public improvement (e.g., municipal parking lot, trail, park or recreational improvement,	10

² Urban infill site focuses on the reuse of obsolete or underutilized buildings and sites where the proposed development would include infill rental housing being constructed on vacant or underutilized property.

	community center/fitness center), removes slums and blighting influences (e.g., demolition or supports in-fill development within a neighborhood, commercial corridor, downtown, or main street area), provides an environmental enhancement (e.g., flooding wetlands creation/restoration, development of habitat areas/enhancements), is part of a Brownfield, utilizes federal/state historic tax credit programs, provides mixed income rental units to support workforce housing, or provides other benefits deemed important and relevant by OCIDA.	
Mixed Use Development Projects	Projects that are mixed use development with housing being at least –50% or more of a building’s total area and the project induces job growth (mixed use development project proposes direct job creation with non-residential uses). To reach 20 points, must create at least 2 FTEs.	20

5. Scoring of Housing Applications:

OCIDA shall use this scoring system to determine the level of Agency benefits:

- Tier 1 Benefits: projects that score at least 60 points may receive abatement of real property taxes, exemptions from sales taxes and exemptions from mortgage recording taxes
- Tier 2 Benefits: projects that score between 50 to 59 points may receive abatement of real property taxes, exemptions from sales taxes and exemptions from mortgage recording taxes

6. Ineligible Housing Projects:

OCIDA will not consider housing applications that propose new suburban subdivisions that serve single family detached housing or projects that are not located within the eligible areas as referenced in Section 3 and included on the map, which is attached hereto and made a part of this policy.

7. Sunset Provision:

The effective date of this policy will commence on the first day of the month following the date in which this Policy is formally approved in accordance with requirements set forth under Article 18A of the General Municipal Law and shall remain in effect for a period of three years, unless OCIDA elects to extend or modify the Policy.

All applicants who are granted approval during this time period will have twenty-four (24) months to complete their project, which shall be evidenced by issuance of a Certificate of Occupancy by the applicable local codes officer for the political subdivision where the project is situated. Receipt of a Certificate of Occupancy is required in order to receive all tax benefits that were granted in the final authorizing resolution approved by OCIDA.

8. Agency Fees:

The applicant will be required to remit to OCIDA all applicable fees (see fee schedule), including payment of all OCIDA legal costs associated with the project and an annual rent payment of \$500, which is due as part of the lease agreement with OCIDA. A copy of the applicable fee schedule is included with the application package. When the application is submitted, the applicant shall submit a check for \$1,500 which includes a non-refundable application fee of \$500 and a commitment fee of \$1,000 that will be applied at closing; if the project does not close the \$1,000 is not refundable. Addendum to Question 6 (j)

The fair market value of the building is \$ 1.75 Million. The equalization rate at 70% produces an assessment of \$ 1.225 Million.

The request is for a standard industrial PILOT based on the taxes that would be payable at the current tax rates on an assessment of \$ 1.225 Million.

The fair market value is based on the \$ 1 (one dollar) purchase price plus the \$ 1 Million dollars in improvements required, Roof of \$529,000 (already completed and paid for by JGV, LLC) and HVAC of \$470,000 plus \$700,000 in future pricing concessions JGV, LLC has promised to Alfred.

Although we are only requesting the effect of a standard industrial PILOT, we believe this is a deviation since we are requesting the IDA to “lock-in the taxes at the proper assessment” as the base, or beginning point and then apply the PILOT to that.
