We are a commercial mechanical contractor. We furnish, install, service and maintain commercial HVAC and plumbing systems. This includes system in offices, schools, industrial, medical, commercial and other facilities.

Part II: Project Information

5(a) Explain your project in detail. This description should include explanation of all activities which will occur due to this project. Attach additional sheets if necessary.

Complete construction from the ground up of a 17,000 square foot building. This building will consist of approximately 3800 square feet of office space, with the remainder of the area devoted to warehouse space. The project will also have a small parking lot, driveway, loading dock and rear fenced in yard.

Required work will include:

- site clearing
- site preparation and storm water management
- septic system
- natural gas, electrical and phone service to the building
- footings, foundations, and structural members
- In floor radiant heat system and A/C system for office area
- LED lighting
- Fire sprinklers
- FF&E

Reasons for Project

6(a) Please explain in detail why you want to undertake this project.

Unfortunately, we are in the footprint of the MVHS Medical Center and as a result must vacate our location. We have looked for existing buildings but cannot find one that meets or needs in all required areas.

6(b) Why are you requesting the involvement of the Agency in your project?

To assist us with this unanticipated and unexpected financial burden .

6(c) Please confirm by checking the box, below, if there is likelihood that the Project would not be undertaken but for the Financial Assistance provided by the Agency?

Yes or No

If the Project could be undertaken without Financial Assistance provided by the Agency, then provide a statement in the space provided below indicating why the Project should be undertaken by the Agency:

How will the Applicant's plans be affected or scaled back if Agency approval is not granted?

We would have to re-visit the size of our proposed building or expand or search area to further away from our current location for an existing building.

6(d) Is the proposed project reasonably necessary to discourage the Applicant from removing such other plant or facility to a location outside the State of New York?

Yes No **If yes**, please explain briefly.

6(e) Will financing by the Agency result in the removal or abandonment of a plant or other facility of the applicant or any related entity presently located in another area of New York

State?
 Yes No

If yes, is the proposed project reasonably necessary to preserve the competitive position of the Applicant in its respective industry? Yes No

If yes, please provide a statement and evidence supporting the same. Include the name of all taxing jurisdictions in which the abandoned facility or plant lies, and whether Applicant has had any discussions with said taxing jurisdictions regarding the abandonment. Please provide as much detail as possible.

We will be leaving our facility in Utica, NY. We have spoke at length with the City of Utica. They have offered options for relocation in Utica however, those options will not meet our needs. In particular, the options are either so costly that we cannot possibly afford or they are not properties that would provide the necessary efficiencies and space to properly operate our business. In other words, all of the options that the City has proposed would put either a financial strain that our business cannot support or cause serious operational inefficiencies to our business. We tried hard to find a location in Utica, as that is the most efficient spot to make our business competitive, but there were no options that would come close to serving the operation needs of our business.

6(f) Has the Applicant or any related entity previously secured financial assistance in Oneida County (whether through the Agency, the Empire State Development Corporation, or any other entity) ? [] Yes [X] No

If yes, please explain (indicate date of benefit, location of facility and outstanding balance).

6(g) Has the Applicant or any related entity secured financial assistance anywhere within the United States within the last 90 days or does the Applicant or any related entity anticipate receiving financial assistance within the next 90 days? Yes No

If yes, please explain.
