Owl Wire is requesting a 10 year standard industrial PILOT agreement (Y1-5 @ 33% and Y6-10 @ 67%) to support/offset costs associated with its \$1.8 million capital improvement project that will be completed in 2015. The project consists of putting on a new roof (estimated at \$1 million), repairing two walls in the building that are bowed and have presented a safety risk (estimated cost of \$400,000) and floor and column repairs (estimated at \$400,000). In addition to the capital improvement project Owl is committed to maintaining its current workforce of 46 employees.

APPLICATION FOR FINANCIAL ASSISTANCE

Oneida County Industrial Development Agency

584 Phoenix Drive Rome, New York 13441-1405 (315) 338-0393 telephone (315) 338-5694 fax

Shawna M. Papale, Executive Director

A non-refundable application fee of \$500.00 must be submitted at the time of application along with a \$1000 commitment fee that will submitted at the time of application; the \$1000 commitment fee will be applied at closing.

Please submit the original application, SEQR form and Cost/ Benefit and two (2) copies along an electronic copy of the application, SEQR form and Cost/ Benefit with the applicable fee.

All applications must be submitted 10 days prior to meeting.

Name of Applicant

Number (to be provided by the agency)

Note to Applicant:

The information requested by this application is necessary to determine the eligibility of your project for Agency benefits. Please answer **all** questions, inserting "none" or "not applicable" where appropriate. If you are providing an estimate, please indicate by inserting "est" after the figure. Attach additional sheets if more space is needed for a response than is provided.

Return the original application and two copies with a check in the amount of \$1500.00 made payable to: **Oneida County Industrial Development Agency (OCIDA)**, 584 Phoenix Drive, Rome, New York 13441-1405, Attn.: Shawna M. Papale, Executive Director. \$1000 will be applied at closing against the IDA legal fees. In addition, an electronic version of the application (signed), SEQR form (signed), and Cost/benefit to spapale@mvedge.org.

Upon the submission of this application to the IDA, this applicant becomes a public document. Be advised that any action brought before the OCIDA is public information. All agenda's for the OCIDA are issued prior to full agency meetings and posted in public domain. If there is information that the applicant feels is proprietary please identity as such and that information will be treated confidentially to the extent permitted by law.

By signing and submitting this Application, the Applicant acknowledges that it received a copy of the Uniform Tax Exemption Policy and the Oneida County IDA Penalty for Failure to Meet Employment Levels as adopted by the Agency and Agency Memorandums pertaining to the benefits of projects financed through the Agency.

A project financed through the Agency involves the preparation and execution of significant legal documents. Please consult with an attorney before signing any documents in connection with the proposed project. You will receive an engagement letter from the OCIDA legal counsel. You will be asked to sign the engagement letter acknowledging you understand the legal fees you will be responsible for them and also acknowledge what the process is. Should you not close and legal services have been rendered by the OCIDA legal counsel, your company will be responsible for those costs.

If your project requires a public hearing, a representative of the applicant is required to be present. A date will be coordinated by the OCIDA legal counsel.

If you have questions how to calculate your companies IDA application fee please consult with the Memorandum to Companies Sale – Leaseback Transactions or please contact the IDA Executive Director.

Part I: Applicant Information

Note: In responding to the following questions, please keep in mind that the Applicant will be party to all of the documents and is the individual or entity which will receive the actual financial assistance from the Agency.

Business Description

4(a) Describe the nature of your business and principal products and/or services. Attach additional sheets if necessary.

Manufacturer of bare, tin plated, nickel plated and copper clad steel copper wire and cable products used in various industries (i.e. oil, gas, nuclear and wind energy markets, appliance, building, mining and industrial markets, aeronautical, high temperature and marine markets). Product lines include circuit sizes through MCM sizes in bunched, concentric, unilay, compressed, cables with bunch stranded members constructed as unidirectional, reverse lay and unilay constructions up to 1600 MCM. Also included are Tinned, Nickel, or Bare Copper constructions.

Part II: Project Infor	mation
------------------------	--------

5(a) Explain your project in detail. This description should include explanation of all activities which will occur due to this project. Attach additional sheets if necessary.

Owl Wire is requesting a 10 year standard industrial PILOT agreement (Y1-5 @ 33% and Y6-10 @ 67%) to support/offset costs associated with its \$1.8 million capital improvement project that will be completed in 2015. The project consists of putting on a new roof (estimated at \$1 million), repairing two walls in the building that are bowed and have presented a safety risk (estimated cost of \$400 thousand) and floor and column repairs (estimated at \$400 thousand). In addition to the capital improvement project Owl is committed to maintaining its current workforce of 46 employees.

Reasons for Project

6(a) Please explain in detail why you want to undertake this project.

To provide a safe working environment which will support the continued employment of Owl's 46 employees in Rome and to avoid moving plant to another location outside of the City of Rome.

6(b) Why are you requesting the involvement of the Agency in your project?

Only to the extent that a request is being made for a 10 year PILOT agreement.

6(c)	How will the Applicant's plans be affected if Agency approval is not granted?		
	Increases in tax payments combined with a loss of potential credits would affect Owl Wire's ability to maintain current employment levels.		
6(d)	Is the proposed project reasonably necessary to discourage the Applicant from removing such other plant or facility to a location outside the State of New York? [] Yes [] No		
	Is the proposed project reasonably necessary to preserve the competitive position of the Applicant in its respective industry? [] Yes [] No If yes , please explain briefly.		
6(e)	Owl Wire is a low margin high volume business that is under significant pressure from The Marmon Group to produce a Retun on Sales (ROS) that is above market averages. Any increase in expenses makes Owls already challenging expectations more difficult. Will financing by the Agency result in the removal or abandonment of a plant or other facility of the applicant or any related entity presently located in another area of New York State? [] Yes [
6(f)	Has the Applicant or any related entity previously secured financial assistance in Oneida County (whether through the Agency, the Empire State Development Corporation, or any other entity)? [] Yes [
6(g)	Has the Applicant or any related entity secured financial assistance anywhere within the United States within the last 90 days or does the Applicant or any related entity anticipate receiving financial assistance within the next 90 days? [] Yes [V] No If yes, please explain.

REPRESENTATIONS AND CERTIFICATION BY APPLICANT

The undersigned requests that this Application be submitted for review to the Oneida County Industrial Development Agency's Board of Directors.

Approval of the Application can be granted solely by this Agency's Board of Directors. The undersigned acknowledges that Applicant shall be responsible for all costs incurred by the Agency and its counsel in connection with the attendant negotiations whether or not the transaction is carried to a successful conclusion.

The Applicant further understands and agrees with the Agency as follows:

- 1. Annual Sales Tax Filings. In accordance with Section 858-b(2) of the New York General Municipal Law, the Applicant understands and agrees that, if the Project receives any sales tax exemptions as part of the Financial Assistance from the Agency, in accordance with Section 874(8) of the General Municipal Law, the Applicant agrees to file, or cause to be filed, with the New York State Department of Taxation and Finance, the annual form prescribed by the Department of Taxation and Finance, describing the value of all sales tax exemptions claimed by the Applicant and all consultants or subcontractors retained by the Applicant.
- 2. **Annual Employment Reports**. The Applicant understands and agrees that, if the Project receives any Financial Assistance from the Agency, the Applicant agrees to file, or cause to be filed, with the Agency, on an annual basis, reports regarding the number of people employed at the project site as well as tax benefits received with the action of the OCIDA.
- 3. Absence of Conflict of Interest. The Applicant has consulted the OCIDA website of the list of the Agency members, officers and employees of the Agency. No member, officer, or employee of the Agency has an interest, whether direct or indirect, in any transaction contemplated by this Application, except as herein after described:
- 4. Hold Harmless. Applicant hereby releases Oneida County Industrial Development Agency and the members, officers, servants, agents and employees thereof (the "Agency") from, agrees that the Agency shall not be liable for and agrees to indemnify, defend and hold the Agency harmless from and against any and all liability arising from or expense incurred by (A) the Agency's examination and processing of, and action pursuant to or upon, the attached Application, regardless of whether or not the Application or the Project described therein or the tax exemptions and other assistance requested therein are favorably acted upon by the Agency, (B) the Agency's acquisition, construction and/or installation of the Project described therein and (C) any further action taken by the Agency with respect to the Project; including without limiting the generality of the foregoing, all causes of action and attorneys' fees and any other expenses incurred in defending any suits or actions which may arise as a result of any of the foregoing. If, for any reason, the Applicant fails to conclude or consummate necessary negotiations, or fails, within a reasonable or specified period of time, to take reasonable, proper or requested action, or withdraws, abandons, cancels or neglects

the Application, or if the Agency or the Applicant are unable to reach final agreement with respect to the Project, then, and in the event, upon presentation of an invoice itemizing the same, the Applicant shall pay to the Agency, its agents or assigns, all costs incurred by the Agency in the processing of the Application, including attorneys' fees, if any.

5. The applicant acknowledges that the OCIDA has disclosed that the actions and activities of the OCIDA are subject to the Public Authorities Accountability Act signed into law January 13, 2006 as Chapter 766 of the 2005 Laws of the State of New York.

The Applicant and the individual executing this Application on behalf of the Applicant acknowledge that the Agency will rely on the representations made herein when acting on this Application and hereby represent that the statements made herein do not contain any untrue statement of a material fact and do not omit to state a material fact necessary to make the statements contained herein not misleading.

Return the original application and two copies with a check in the amount of \$1500.00 made payable to: **Oneida County Industrial Development Agency (OCIDA)**, 584 Phoenix Drive, Rome, New York 13441-1405, Attn.: Shawna M. Papale, Executive Director. \$1000 will be applied at closing against the IDA legal fees. In addition, an electronic version of the application (signed), SEQR form (signed), and Cost/benefit to spapale@mvedge.org.

Agency Fee Schedule

<u>Commitment Fee:</u> \$1,000 – due following the initial inducement but prior to scheduling of the public hearing; this amount is non-refundable if the applicant fails to close on the project before the IDA. Upon closing with the IDA this amount is applied to the legal closing fees.

Bond Fees: ½ of 1% of total bond amount

IDA Agency Fee: PILOT, Mortgage Recording Exemption, Sales Tax Exemption:

- Up to a \$1.0 Million project \$5,000
- Above \$1.0 Million project up to \$10.0 Million project ½ of 1% of total project cost.
- O Above \$10.0 Million project $-\frac{1}{2}$ of 1% of total project cost up to \$10.0 Million plus incremental increase of $\frac{1}{4}$ of 1% of total project above \$10.0 Million.

Agency Counsel fee:

Set by Bond/Transaction Counsel based upon the nature and complexity of the transaction. This applies to bond and non-bond transactions (leasebacks, sale-leasebacks, etc).

Agency Counsel fees in Bond and non bond transactions will not normally exceed the greater of (a) 2% of the Bond amount or project costs or (b) a minimum is in customary transactions \$8,500 to \$10,000.

Annual Fee:

For the term in which the property remains in the IDA's name, an annual lease payment is due in the amount of \$500. The first payment is due at closing. This amount is due on the anniversary date of the first date of the month in which the IDA documents we executed. For annual fees not paid and delinquent, a late charge of \$50 per month will be levied until such time the fee plus late charges are paid.

Other fees:

For an IDA property which requires follow up action - a 1/8 of one percent of the total reissuance, redemption, new or revised mortgage, refinancing, spreading agreement or other transaction requiring action of the IDA shall be 1/8 of one percent of total project amount for a minimum payment to the IDA of \$500.

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information					
Owl Wire and Cable LLC					
Name of Action or Project:					
OCIDA/RCBRC PILOT Extenstion

Full Environmental Assessment Form Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the project sponsor to verify that the information contained in Part 1 is accurate and complete.

A. Project and Sponsor Information.

description):					

ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placer alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in sq	
iii. Will proposed action cause or result in disturbance to bottom sediments? If Yes, describe:	☐ Yes Z No
iv. Will proposed action cause or result in the destruction or removal of aquatic vegetation?If Yes:	☐ Yes Z No
acres of aquatic vegetation proposed to be removed:	
expected acreage of aquatic vegetation remaining after project completion:	
• purpose of proposed removal (e.g. beach clearing, invasive species control, boat access):	
proposed method of plant removal:	
if chemical/herbicide treatment will be used, specify product(s):	
v. Describe any proposed reclamation/mitigation following disturbance:	
c. Will the proposed action use, or create a new demand for water?	□Yes √ No
If Yes:	1000,100
i. Total anticipated water usage/demand per day: gallons/day	
ii. Will the proposed action obtain water from an existing public water supply?	□Yes ∠ No
If Yes:	
Name of district or service area:	
Does the existing public water supply have capacity to serve the proposal? Let a sixth a	☐ Yes ✓ No
Is the project site in the existing district? In the project site in the existing district?	☐ Yes Z No
Is expansion of the district needed?	☐ Yes ✓ No
• Do existing lines serve the project site?	☐ Yes ☑ No
<i>iii.</i> Will line extension within an existing district be necessary to supply the project? If Yes:	□Yes ☑ No
Describe extensions or capacity expansions proposed to serve this project:	
Source(s) of supply for the district:	
iv. Is a new water supply district or service area proposed to be formed to serve the project site? If, Yes:	☐ Yes Z No
Applicant/sponsor for new district:	
Date application submitted or anticipated:	
Proposed source(s) of supply for new district:	
v. If a public water supply will not be used, describe plans to provide water supply for the project:	
vi. If water supply will be from wells (public or private), maximum pumping capacity: gallons/m	inute.
d. Will the proposed action generate liquid wastes?	☐ Yes Z No
If Yes:	
i. Total anticipated liquid waste generation per day: gallons/day	11 . 1
<i>ii.</i> Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe a approximate volumes or proportions of each):	=
iii. Will the proposed action use any existing public wastewater treatment facilities? If Yes:	☐ Yes Z No
Name of wastewater treatment plant to be used:	
Name of district:	
• Does the existing wastewater treatment plant have capacity to serve the project?	☐Yes Z No
• Is the project site in the existing district?	□Yes ☑ No
• Is expansion of the district needed?	☐Yes Z No

 Do existing sewer lines serve the project site? Will line extension within an existing district be necessary to serve the project? If Yes: 	□Yes ☑No □Yes ☑No
Describe extensions or capacity expansions proposed to serve this project:	
<i>iv.</i> Will a new wastewater (sewage) treatment district be formed to serve the project site? If Yes:	□Yes ☑ No
 Applicant/sponsor for new district: Date application submitted or anticipated: 	
 What is the receiving water for the wastewater discharge? v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including spectreceiving water (name and classification if surface discharge, or describe subsurface disposal plans): 	rifying proposed
vi. Describe any plans or designs to capture, recycle or reuse liquid waste:	
e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point	Yes ∠ No
sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction? If Yes:	
i. How much impervious surface will the project create in relation to total size of project parcel? Square feet or acres (impervious surface) Square feet or acres (parcel size)	
Square feet or acres (parcel size) ii. Describe types of new point sources	
iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent p groundwater, on-site surface water or off-site surface waters)?	properties,
If to surface waters, identify receiving water bodies or wetlands:	
• Will stormwater runoff flow to adjacent properties? iv. Does proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater?	☐Yes No ☐Yes No
f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations? If Yes, identify:	□Yes ☑ No
i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)	
ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)	
iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)	
g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit? If Yes:	∐Yes Z No
<i>i.</i> Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year)	□Yes ☑ No
ii. In addition to emissions as calculated in the application, the project will generate: Tons/year (short tons) of Carbon Dioxide (CO ₂) Tons/year (short tons) of Nitroya Orida (N.O.)	
 Tons/year (short tons) of Nitrous Oxide (N2O) Tons/year (short tons) of Perfluorocarbons (PFCs) 	
 Tons/year (short tons) of Sulfur Hexafluoride (SF₆) Tons/year (short tons) of Carbon Dioxide equivalent of Hydroflourocarbons (HFCs) Tons/year (short tons) of Hazardous Air Pollutants (HAPs) 	

h. Will the proposed action generate or emit methane (included landfills, composting facilities)? If Yes:	ding, but not limited to, sewage treatment plants,	∐Yes ∏ No
i. Estimate methane generation in tons/year (metric):ii. Describe any methane capture, control or elimination me electricity, flaring):	easures included in project design (e.g., combustion to go	enerate heat or
i. Will the proposed action result in the release of air polluta quarry or landfill operations? If Yes: Describe operations and nature of emissions (e.g., di		∏Yes ∏ No
j. Will the proposed action result in a substantial increase in new demand for transportation facilities or services? If Yes:		∐Yes ∏ No

1. Hours of operation. Answer all items which apply. i. During Construction: • Monday - Friday: • Saturday: • Sunday: • Holidays:	 ii. During Operations: Monday - Friday: Saturday: Sunday: Holidays: 	

m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both?	☐ Yes Z No
If yes:	
i. Provide details including sources, time of day and duration:	
ii. Will proposed action remove existing natural barriers that could act as a noise barrier or screen?	☐ Yes Z No
Describe:	
n Will the proposed action have outdoor lighting? If yes:	☐ Yes Z No
<i>i.</i> Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:	
ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen?	☐ Yes Z No
Describe:	
o. Does the proposed action have the potential to produce odors for more than one hour per day?	☐ Yes Z No
If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures:	
occupied structures:	
p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons)	☐ Yes Z No
or chemical products 185 gallons in above ground storage or any amount in underground storage?	
If Yes: i. Product(s) to be stored	
ii. Volume(s) per unit time (e.g., month, year)	
iii. Generally describe proposed storage facilities:	
Wild 1 2 (11 1 2 1 1 1 2 1 1 1 2 1 1 1 2 1 1 1 2 1 1 2 1 1 2 1 1 2 1 1 2 1 1 2 1 1 2 1 1 2 1 1 2 1 1 2 1 1 2 1 1 2 1 1 2 1 1 2 1	
q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation?	☐ Yes ☑ No
If Yes:	
i. Describe proposed treatment(s):	
ii. Will the proposed action use Integrated Pest Management Practices?	☐ Yes Z No
r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal	Yes No
of solid waste (excluding hazardous materials)?	
If Yes: i. Describe any solid waste(s) to be generated during construction or operation of the facility:	
 Construction: tons per (unit of time) Operation: tons per (unit of time) ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waster 	
ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste	:
• Construction:	
Operation:	
iii. Proposed disposal methods/facilities for solid waste generated on-site:Construction:	
• Operation:	

s. Does the proposed action include construction or mod	ification of a solid waste m	anagement facility?	Yes 🗸 No
If Yes: i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or			
other disposal activities):	tion the site (e.g., ree) emig	or transfer station, composing	5, minarini, or
ii. Anticipated rate of disposal/processing:

c. Is the project site presently used by members of the community for public recreation? i. If Yes: explain:	□Yes Z No
d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? If Yes, i. Identify Facilities:	∐Yes Z No
e. Does the project site contain an existing dam?	☐ Yes Z No
If Yes:	
i. Dimensions of the dam and impoundment:	
Dam height: feetDam length: feet	
• Surface area: acres	
Volume impounded: gallons OR acre-feet	
ii. Dam's existing hazard classification:	
iii. Provide date and summarize results of last inspection:	
f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility.	☐Yes Z No ity?
If Yes: i. Has the facility been formally closed?	☐Yes No
If yes, cite sources/documentation:	I I esign 100
ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:	
iii. Describe any development constraints due to the prior solid waste activities:	
m. Describe any development constraints due to the prior solid waste activities.	
g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? If Yes:	☐ Yes No
i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred	ed:
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site?	☐Yes ✓ No
If Yes:	
<i>i</i> . Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply:	☐ Yes No
Yes – Spills Incidents database Provide DEC ID number(s):	
☐ Yes – Environmental Site Remediation database Provide DEC ID number(s):	
ii. If site has been subject of RCRA corrective activities, describe control measures:	
iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? If yes, provide DEC ID number(s):	□Yes ☑ No
iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):	

v. Is the project site subject to an institutional control limiting property uses?		☐ Yes Z No
If yes, DEC site ID number:		
Describe the type of institutional control (e.g., deed restriction or easement):		
 Describe any use limitations: Describe any engineering controls: 		
 Describe any engineering controls: Will the project affect the institutional or engineering controls in place? 		☐ Yes Z No
Explain:		res w _ro
E.2. Natural Resources On or Near Project Site		
a. What is the average depth to bedrock on the project site?	feet	
b. Are there bedrock outcroppings on the project site?		☐ Yes Z No
If Yes, what proportion of the site is comprised of bedrock outcroppings?		
c. Predominant soil type(s) present on project site:	%	
e. Fredominant son type(s) present on project site.		
d. What is the average depth to the water table on the project site? Average:f	eet	
e. Drainage status of project site soils: Well Drained: % of site		
Moderately Well Drained: % of site		
Poorly Drained% of site		
f. Approximate proportion of proposed action site with slopes: 0-10%:	% of site	
☐ 10-15%:	% of site	
15% or greater:	% of site	
g. Are there any unique geologic features on the project site?		☐ Yes N o
If Yes, describe:		
h. Surface water features.		
i. Does any portion of the project site contain wetlands or other waterbodies (including st	reams, rivers,	□Yes ☑ No
ponds or lakes)? ii. Do any wetlands or other waterbodies adjoin the project site?		□Yes ☑ No
If Yes to either <i>i</i> or <i>ii</i> , continue. If No, skip to E.2.i.		1 05 1 10
iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by	v anv federal.	□Yes ☑ No
state or local agency?	, ,	
iv. For each identified regulated wetland and waterbody on the project site, provide the following		
• Streams: Name	Classification	
Lakes or Ponds: Name Wetlands: Name	Classification	
 Wetlands: Name Wetland No. (if regulated by DEC) 	Approximate Size	
v. Are any of the above water bodies listed in the most recent compilation of NYS water q	uality-impaired	☐Yes Z No
waterbodies?		
If yes, name of impaired water body/bodies and basis for listing as impaired:		
i. Is the project site in a designated Floodway?		□Yes ☑ No
j. Is the project site in the 100 year Floodplain?		□Yes ☑ No
k. Is the project site in the 500 year Floodplain?		□Yes ☑ No
l. Is the project site located over, or immediately adjoining, a primary, principal or sole source.	rce aquifer?	□Yes ☑ No
If Yes: i. Name of aquifer:		
i. Traine of aquiter.		

m. Identify the predominant wildlife species that occupy or use the project site:	
n. Does the project site contain a designated significant natural community? If Yes: i. Describe the habitat/community (composition, function, and basis for designation):	□Yes √ No
 ii. Source(s) of description or evaluation: iii. Extent of community/habitat: Currently: Following completion of project as proposed: Gain or loss (indicate + or -): o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as 	☐ Yes . No
endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened spec	cies?
p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern?	□Yes √ No
q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing? If yes, give a brief description of how the proposed action may affect that use:	∐Yes ∏ No
E.3. Designated Public Resources On or Near Project Site	
a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304? If Yes, provide county plus district name/number:	∏Yes ∏ No
b. Are agricultural lands consisting of highly productive soils present? i. If Yes: acreage(s) on project site? ii. Source(s) of soil rating(s):	∐Yes √ No
c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark? If Yes: i. Nature of the natural landmark:	∐Yes √ No
d. Is the project site located in or does it adjoin a state listed Critical Environmental Area? If Yes: i. CEA name: ii. Basis for designation: iii. Designating agency and date:	☐Yes ☑ No

e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on, or has been nominated by the NYS Board of Historic Preservation for inclusion on, the State or National Register of Historic Places?		
If Yes: i. Nature of historic/archaeological resource: □ Archaeological Site □ Historic Building or District		
ii. Name:iii. Brief description of attributes on which listing is based:		
ui. Brief description of attributes on which listing is based:		
f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?	□Yes ☑ No	
g. Have additional archaeological or historic site(s) or resources been identified on the project site? If Yes:	□Yes ☑ No	
i. Describe possible resource(s):ii. Basis for identification:		
h. Is the project site within fives miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource? If Yes: i. Identify resource:	☐Yes Z No	
ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail o etc.):	r scenic byway,	
 i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666? If Yes: 	☐ Yes No	
<i>i</i> . Identify the name of the river and its designation:		
ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666?	☐Yes Z No	
F. Additional Information Attach any additional information which may be needed to clarify your project. If you have identified any adverse impacts which could be associated with your proposal, please describe those in measures which you propose to avoid or minimize them.	mpacts plus any	
G. VerificationI certify that the information provided is true to the best of my knowledge.

MEMORANDUM TO COMPANIES SALE-LEASEBACK TRANSACTIONS

- 1. When a Company decides that a sale-leaseback transaction may suit its particular needs, the first order of business is for the Company to complete an Application for Financial Assistance, together with an Environmental Impact Questionnaire, Cost/Benefit Analysis and Statement of the Project Applicant (referred to collectively as the "Application"). The Application is submitted to Agency Counsel for a formal decision as to whether or not the project qualifies as a "project," as defined by law.
- 2. No action can be taken until the Application is completed and submitted to the Agency and approved by Agency Counsel.
- 3. Upon completion of the Application and approval by Agency Counsel, the Agency will meet for the purpose of adopting an Inducement Resolution and reviewing the Environmental Impact Questionnaire, Cost/Benefit Analysis and Statement of the Project Applicant. At this time a Resolution may be adopted by the Agency concerning the environmental impact. Please note that the Agency is subject to the Open Meetings Law, and all meetings will be open to the public, including news media.
- 4. The Company is expected and encouraged to have its own counsel. The Company is also required to reimburse the Agency for all legal expenses incurred in furtherance of a proposed transaction, whether or not that transaction is completed. This includes all fees and disbursements of Agency Counsel.
- 5. The Company will be asked to sign an Inducement Agreement, which sets forth the terms of the proposed transaction and the obligations of the parties in furtherance of the same. The Company will also be asked to provide Agency Counsel with certain

information concerning the formation of the corporation or partnership, a survey of the property, title insurance, insurance certificates, etc. before the transaction can close. All matters in connection with the transfer of the real estate will be handled primarily by Company Counsel with the assistance of Agency Counsel.

6. A Public Hearing may be required in accordance with the New York State General Municipal Law, after which the Oneida County Executive must approve or disapprove the issue. Notice of the Public Hearing must be published at least thirty (30) days prior to the Hearing in the newspaper where the project is located. The highest elected official of each affected taxing jurisdiction must also receive thirty day written notice of the Hearing.

No financial benefits may be granted by the Agency to the Company until after the Public Hearing if required.

- 7. Agency Counsel has certain requirements as to those documents which must be included in the transaction and the content thereof, including but not limited to requiring environmental impact surveys, environmental indemnifications and general indemnifications.
- 8. The fee schedule is attached, covering the Agency fee, the Agency's work with respect to the project and the work of Agency Counsel.

The estimated fees for Agency Counsel may vary depending on the nature of the project. The initial fee quote assumes that the transaction closes within ninety (90) days from the date of the inducement, that there will be no unusual questions of law or prolonged negotiations regarding the documents, and that the involvement or assistance from other agencies will not require substantial modifications to the typical structure and documentation of similar transactions. The fee quote also assumes that Agency Counsel will not be called upon to coordinate with any lender, as the Agency is not issuing bonds. The fee quote assumes that closing will take place by mail and will not necessitate attending meetings with the Company or any lender.

9. Once the terms and conditions of the transaction are fairly well established, Agency Counsel prepares preliminary drafts of the financing documents and distributes them to all parties for review and comment. Comments accepted by all counsel will result in redrafting of documents. The parties establish a mutually agreeable closing date, and final documents for execution are prepared.

- 10. The Agency then conducts a meeting whereby it adopts an Authorizing Resolution, under which the Agency approves of the form of the documents and authorizes the Chairman to execute the same.
- 11. The closing takes place.
- 12. Some of the benefits available to a company under a sale-leaseback transaction are as follows:
 - ⇒ Exemption from New York State mortgage recording tax
 - ⇒ Exemption from New York State sales tax for materials used in construction
 - ⇒ Real property tax abatement on the value added to the project (for more information, please see the Uniform Tax Exemption Policy enclosed herewith)

c:1997/ocida/irbmemo3.doc/lsr_pc

MEMORANDUM RELATIVE TO PILOT MORTGAGES

We would like to take this opportunity to make clear certain conditions that the Oneida County Industrial Development Agency (the "Agency") imposes when granting financial assistance to companies through payment-in-lieu-of-tax ("PILOT") Agreements.

When title to property is vested in a company or individual, real property taxes are given superior priority, and taxing jurisdictions are considered secured creditors. Once an industrial development agency ("IDA") obtains a leasehold interest in a property, that property is moved to a different tax roll and to a different classification. PILOT Payments are treated differently than real estate taxes insofar as they do not have superior priority and the taxing jurisdictions are considered unsecured creditors.

Were it not for the IDA involvement in a project, real property taxes would be a first priority lien on the property. In order to preserve the superior priority, IDAs are requiring companies to grant a first mortgage to the IDA securing the PILOT Payments. The mortgage is granted from the company and the IDA to the IDA, and the amount secured is equal to three years of PILOT Payments.

This is a relatively new concept in IDA transactions, and as such, we have found it helpful to disclose this requirement at the onset of a transaction. A company that will receive PILOT assistance may wish to share this memorandum with its lender as soon as possible, as the lender will be asked to subordinate its mortgage lien to the PILOT Mortgage lien.

It is not the intention of the IDA to displace a lender from its lien, but to restore the taxing jurisdictions to the superior priority they would have but not for the IDA's involvement.

If you or your lender has any questions, please contact Linda Romano at 315-738-1223.

PENALTY FOR FAILURE TO MEET EMPLOYMENT LEVELS

DEFINITIONS:

"Company" is the entity that applied for and received a benefit from the Agency.

"Agency" is the Oneida County Industrial Development Agency.

"AER" is the Company's annual report of employment required to be provided

to the Agency.

"Employment Obligation Term" shall mean the longer of 1) the period during which the Company is

receiving a benefit in the form of lower payment in lieu of taxes than their real estate taxes would be; or, 2) ten (10) years for Industrial and Manufacturing Projects; or, 3) five (5) years for Retail Projects,

Commercial Projects, and other Non-Industrial Projects.

"Employment Obligation" shall mean the number of FTEs selected by the Agency based on what

the Company represents is the FTEs it will hire, or the number of FTEs

retained, as set forth in its application for financial assistance.

"FTE" shall mean a full time employee that has a minimum of thirty-five (35)

scheduled hours per week, or such other number of hours per week (but not less than twenty-five (25) hours) as established by existing written policies of the Company, and whose workplace location is the

project facility.

"Benefit" shall mean the amount the Company saved by making payments in

lieu of real property taxes in a particular year. For example, if a Company's PILOT payment is equal to 75% of normal real property taxes, then the Company's Benefit for that year would be an amount

egual to 25% of normal real property taxes.

"Per Employee Amount" shall mean an amount equal to the Benefit for the year after the year

of the Shortfall divided by the "Employment Obligation".

"Shortfall" shall mean the difference between the Employment Obligation and the

actual number of FTEs per the AER for the applicable year.

"Major Shortfall" shall mean any number of FTEs that is less than 50% of the

Employment Obligation.

"Initial Benefit" shall be the amount of savings the Company received through the

Agency, in the form of Mortgage Recording Tax and New York State

Sales Tax.

"Cure Period" shall mean the period ending June 30th of the year following the Major

Shortfall.

1. <u>Job Creation and Retention Obligations.</u>

After the expiration of the Employment Obligation Term, the Company shall have no further obligation with respect to the Employment Obligation and shall not be liable for any of the payments described below.

The failure of the Company to satisfy the Employment Obligation shall subject the Company to payments to the Agency. The Company shall be deemed to have failed to satisfy its Employment Obligation as of the beginning of the year subsequent to the year for which the Company files an AER; if the total number of FTEs shown on such report for the applicable year is less than 80% of the applicable Employment Obligation (payments are only required if the Shortfall is more than 20% of the Employment Obligation).

2. **Projects with less than Ten Years Employment Obligation Term.**

- (a) <u>Initial Shortfall and Shortfall Payments</u>.
 - (1) If, during the first three (3) years of the Employment Obligation Term, the number of actual FTEs for any calendar year shall be a Shortfall then the Company shall pay to the Agency an amount equal to (a) the Per Employee Amount multiplied by (b) the Shortfall and then multiplied by (c) 1.5 (such payment shall be referred to as the "Initial Shortfall Payment").
 - (2) If, after the first (3) years, of the Employment Obligation Term, the number of actual FTEs for any calendar year shall be a Shortfall, then the Company shall pay to the Agency an amount equal to (a) the Per Employee Amount multiplied by (b) the Shortfall.

(b) <u>Major Shortfall Payment</u>.

(1) If, during the Employment Obligation Term, the number of actual FTEs for any year shall be a Major Shortfall; then, the Company shall pay to the Agency, in addition to the payment referred to above, an amount equal to a percentage (as set forth in the schedule below) of the "Initial Benefit" (such payment shall be referred to as the "Major Shortfall Payment").

Major Shortfall Occurs:	Percentage of Initial Benefit
Year 1	100%
Year 2	80%
Year 3	60%
Year 4	40%
Any Subsequent Year	20%

- (2) Notwithstanding any of the foregoing, the Company shall not be liable for paying a Major Shortfall Payment unless the number of FTEs remains at less than 80% of the Employment Obligation after the expiration of a Cure Period.
- (3) Notwithstanding any of the foregoing, a Major Shortfall shall not apply where the Shortfall is a result of a major casualty to or condemnation of the facility. In the event of such major casualty or condemnation, the Company shall have no obligation to pay the Major Shortfall Payment.

10-2009 2

3. **Projects with Ten Years or Longer Employment Obligation Term.**

- (a) <u>Initial Shortfall and Shortfall Payments</u>.
 - (1) If, during the first five (5) years of the Employment Obligation Term, the number of actual FTEs for any calendar year shall be a Shortfall, then the company shall pay to the Agency an amount equal to (a) the Per Employee Amount multiplied by (b) the Shortfall and then multiplied by (c) 1.5.
 - (2) If, after the first five (5) years of the Employment Obligation Term, the number of actual FTEs for any calendar year shall be a Shortfall, then the Company shall pay to the Agency an amount equal to (a) the Per Employee Amount multiplied by (b) the Shortfall.

(b) <u>Major Shortfall Payment</u>.

(1) If, during the Employment Obligation Term, the number of actual FTEs for any year shall be a Major Shortfall, then the Company shall pay to the Agency, in addition to the payment referred to above, an amount equal to a percentage (as set forth in the schedule below) of the "Initial Benefit".

Major Shortfall Occurs:	Percentage of Initial Benefit
Year 1	100%
Year 2	90%
Year 3	80%
Year 4	70%
Year 5	60%
Year 6	50%
Year 7	45%
Year 8	40%
Year 9	35%
Year 10	30%

- (2) Notwithstanding any of the foregoing, the Company shall not be liable for paying a Major Shortfall Payment unless the number of FTEs remains at less than 80% of the Employment Obligation after the expiration of a Cure Period.
- (3) Notwithstanding any of the foregoing, a Major Shortfall shall not apply where the Shortfall is as a result of a major casualty to or condemnation of the facility. In the event of such major casualty or condemnation, the Company shall have no obligation to pay the Major Shortfall Payment.

The Agency shall have the right to reduce any payments required, under this policy, in extraordinary circumstances, in its sole discretion.

ONEIDA COUNTY INDUSTRIAL DEVELOPMENT AGENCY UNIFORM TAX EXEMPTION POLICY

Adopted by the Oneida County Industrial Development Agency on January 28, 1994, amended on December 21, 1998 and April 30, 2009

The Oneida County Industrial Development Agency (the "Agency") has adopted the following uniform tax exemption policies. These policies will be used for all projects for which the Agency may provide financial assistance, including bond (taxable and/or tax exempt) issuances and straight lease transactions. Final determinations regarding the extent to which financial assistance, if any, will be granted are solely within the discretion of the Agency.

I. Project Eligibility Criteria

(a) General Requirements

The Agency considers the following general factors in determining whether a project is eligible for financial assistance:

- The nature of the proposed project (e.g., manufacturing, commercial, civic).
- The nature of the property before the project begins (e.g., vacant land, vacant buildings).
- The economic condition of the area at the time of the application.
- The extent to which a project will create or retain permanent, private sector jobs.
- The estimated value of tax exemptions to be provided.
- The impact of the project and the proposed tax exemptions on affected tax jurisdictions.
- The impact of the proposed project on existing and proposed businesses and economic development projects in the County.
- The amount of private sector investment generated or likely to be generated by the proposed project.
- The likelihood of accomplishing the proposed project in a timely fashion.
- The effect of the proposed project upon the environment.

- The extent to which the proposed project will provide additional sources of revenue for municipalities and school districts in which the project is located.
- The extent to which the proposed project will provide a benefit (economic or otherwise) not otherwise available within the County of Oneida.

(b) Industrial and Manufacturing Projects

- (1) Industrial and manufacturing projects generally qualify for financial assistance, subject to the eligibility criteria set forth in Part I (a) of this Policy.
- (2) Due to the nature of the work, companies performing back-office operations that are regional or national in nature and a majority of which operations support activities outside of Oneida County will qualify as industrial and manufacturing. Research and development facilities and distribution centers that locate in Oneida County may also qualify as industrial and manufacturing.

(c) Retail Projects

The Agency will provide financial assistance to retail facilities only in accordance with the restrictions contained in New York State General Municipal Law Section 862(2), and subject to the eligibility criteria set forth in Part I (a) of this Policy. The Agency will also consider the competitive impact of the project.

Retail projects are generally not eligible for Agency assistance, with the following exceptions:

- (i) Retail businesses that primarily serve customers located in Oneida County are generally not eligible for financial assistance unless located in a "highly distressed area" as defined in General Municipal Law §854(18), which includes projects located in an economic development zone or Empire Zone (as defined in New York State statute or regulation), or the project meets one of the other requirements of this paragraph (c);
- (ii) Retail projects operated by not-for-profit corporations may be eligible for financial assistance;
- (iii) Retail projects may be eligible for financial assistance provided an appropriate market analysis demonstrates that a majority of the project's customers are expected to come from outside of Oneida County and the project will not directly compete with existing businesses located in Oneida County; and
- (iv) Retail businesses that primarily provide a product or a service that is otherwise not reasonably available in Oneida County may be eligible for financial assistance.

(d) Other Non-Industrial/Commercial Projects

Non-industrial/commercial projects may qualify for financial assistance at the discretion of the Agency, based upon its evaluation of the eligibility requirements set forth in Part I (a) of this Policy. The Agency confirms the following specific policies:

- (i) Mixed or Multiple-Use Projects qualify for financial assistance, only with respect to that portion of the project that is used for purposes that qualify for financial assistance under this Policy.
 - (ii) Housing projects are generally not eligible for benefits, unless they
- (a) service the elderly, low-income, assisted living or other groups with special needs; *or*
- (b) promote employment opportunities and prevent economic deterioration, as confirmed by an appropriate market analysis, <u>and</u> such a determination is made by the Agency based upon all of the relevant facts.

II. Real Property Tax Abatements

If the Agency determines that a project will receive real property tax abatements, a Payment-In-Lieu-Of-Tax Agreement (the "PILOT") will be negotiated with each project owner (the "Company") and will substantially follow the following guidelines with final determinations to be made by the Agency.

- (i) Real Property Acquired by Company as part of Project. If the Company is acquiring real property as part of the Agency project, then the Agency's real property tax exemption will be available with respect to all real property acquired by the Company as part of the project and improvements thereto.
- (ii) <u>Substantial Improvements to Existing Real Property Owned by Company</u>. If the Company is making "Substantial Improvements" (as defined below) to existing real property owned by the Company, then the Agency's real property tax exemption will apply to both the existing real property and the improvements.
- (iii) Non-Substantial Improvements to Existing Real Property. If the improvements to existing real property owned by the Company are not Substantial Improvements, then the Agency's tax exemption shall apply only to the increase in assessment resulting from improvements constructed or installed as part of the project and the Company shall pay PILOT payments equal to the full amount of taxes on the existing real property.

The term "Substantial Improvements" means the value of the improvements constructed or installed as part of the project equals at least 50% of the value of the real property prior to construction or installation of the improvements, as determined by an independent valuation acceptable to the Agency.

(a) Industrial and Manufacturing Projects

The Company shall pay a percentage of the taxes that would otherwise be payable if the project was not tax exempt, to each taxing jurisdiction in which the project is located, as follows:

1. 33 1/3% of such taxes through the fifth (5th) year of the exemption:

- 2. 66 2/3% of such taxes from the sixth (6th) through tenth (10th) year of the exemption;
- 3. 100% of such taxes after the tenth (10th) year of the exemption.

(b) Retail Projects

The Company shall pay a percentage of the taxes that would otherwise be payable if the project was not tax exempt, to each taxing jurisdiction in which the project is located, as follows:

- 1. 50% of such taxes through the second (2nd) year of the exemption;
- 2. 75% of such taxes from the third (3rd) through the fifth (5th) year of the exemption;
- 3. 100% of such taxes after the fifth (5th) year of the exemption.

(c) Other Non-Industrial/Commercial Projects

The Company shall pay a percentage of the taxes that would otherwise be payable if the project was not tax exempt, to each taxing jurisdiction in which the project is located, as follows:

- 1. 50% of such taxes through the second (2nd) year of the exemption.
- 2. 75% of such taxes from the third (3rd) through fifth (5th) year of the exemption.
- 3. 100% of such taxes after the fifth (5th) year of the exemption.

The Agency reserves the right to deviate from the real property tax abatement policy on a case by case basis at its sole discretion.

III. Sales Tax Exemptions

If, based on the eligibility criteria described in Part I of this Policy, the Agency determines a project is eligible for financial assistance, the Agency's financial assistance will include exemption from sales and use tax for costs of constructing, renovating and equipping the project.

Sales and use tax exemption, when available, will be authorized for the duration of the acquisition, construction and equipping of the project as described in the application for financial assistance. The Agency shall deliver a sales tax exemption letter which will expire one (1) year from the date of the project inducement. If construction, renovation or equipping is not complete at the expiration of the original sales tax exemption letter, upon request by the Company, the sales tax exemption letter may be extended at the discretion of the Agency.

All Companies receiving sales and use tax exemption benefits will be required to supply the Agency with a list of all contractors and sub-contractors that have been authorized to use the sales tax exemption letter. This list will be appended to the sales tax exemption letter by the Agency.

The Company must keep a record of the usage of the sales tax exemption letter, and must supply the Agency with the total amount of sales and use tax exemptions claimed by the project for each calendar year. The Company must submit this report to the Agency by February 1st of each year, until the exempt period comes to a conclusion. The company shall also file all reports as may be required by applicable law, including Form ST-340 which shall be filed with the New York State Department of Taxation and Finance.

The Agency reserves the right to deviate from the sales tax exemption policy on a case by case basis at its sole discretion.

IV. Mortgage Recording Tax Exemption

If, based on the project eligibility criteria described in Part I of this Policy, the Agency determines a project is eligible for financial assistance, the Agency will provide an exemption from New York State mortgage recording tax for the financing of project costs.

The Agency reserves the right to deviate from the mortgage recording tax exemption policy on a case by case basis at its sole discretion.

V. Recapture

Agency financial assistance is granted based upon the Company's representation that the project will create and/or maintain the employment levels described in its application for financial assistance (the "Employment Obligation"). If a Company fails to achieve and/or maintain its Employment Obligation, it could result in recapture of all or a portion of tax benefits granted by the Agency.

VI. Deviations

Deviations from this Policy shall be infrequent. The Agency reserves the right, at its sole discretion, to deviate from this Policy on a case by case basis. The Agency will provide written notice to the chief executive officer of each affected tax jurisdiction of any deviation from this Policy and will comply with the deviation requirements of the General Municipal Law.

Oneida County Industrial Development Agency Uniform Tax Exemption and Agency Benefits Policy Market Rate Rental Housing Development Initiatives

1. Overview:

In furtherance of the Oneida County Vision 2020 – "Path Toward Prosperity Initiative," the Oneida County Industrial Development Agency ("OCIDA") has created the following Uniform Tax Exemption and Agency Benefits Policy (the "Policy") to encourage development of specific types of market rate rental housing. This Policy meets the demands of changing population and workforce demographics and takes into account an evolving housing market that places an increasingly higher preference on lifestyle choice and geographic mobility. The expansion of OCIDA's policy to support eligible market rate rental housing is largely driven by the anticipated employment opportunities that will be created by the nanotechnology and emerging innovation economy where a segment of the new work force that will be attracted to these type of jobs prefer market rate rental housing and unique urban living lifestyles.

The purpose of this Policy is to assist OCIDA in determining whether a housing project promotes employment opportunities and prevents economic deterioration in the area served by OCIDA, consistent with New York State Controller's Opinion No.85-51 and the New York State General Municipal Law. This Policy is intended to be annexed to and made a part of OCIDA's Uniform Tax Exemption Policy adopted on January 28, 1994, amended on December 21, 1998 and April 30, 2009 (the "UTEP"). OCIDA reserves the right to deviate from this Policy at its discretion and in accordance with the General Municipal Law.

2. Eligible Housing Projects:

The types of housing eligible for OCIDA consideration include market rate (rental only): **apartments, townhouses, condominiums, loft-style housing and new urbanism type of housing developments. In order to be considered for OCIDA financial assistance pursuant to this Policy,** projects must have a minimum of five (5) units in a renovation or conversion of a building and twenty-four (24) units for new construction, and achieve the minimum number of points to qualify for OCIDA tax incentives in accordance with this Policy.

In addition, all applications for consideration must have a minimum project investment of \$400,000 in renovation/construction projects and \$1.2 Million for new construction rental housing projects.

All projects shall be subject to and in compliance with the New York State General Municipal Law and the UTEP. OCIDA's UTEP requires all applicants to file a Cost/Benefit Analysis that is deemed acceptable to OCIDA.

¹ **New Urbanism** is an urban design movement which promotes walkable neighborhoods containing a range of housing and job types. It encompasses principles such as traditional neighborhood design (TND) and transit-oriented development (TOD). It is also closely related to regionalism, environmentalism, and the broader concept of smart growth.

3. Eligible Areas:

OCIDA's Uniform Policy for Tier 1, Tier 2 and Tier 3 benefits are targeted for projects that lie in the defined areas of the cities of Rome, Sherrill and Utica and 2010 Census Urbanized Areas and incorporated villages, as shown on the maps that are annexed hereto and made a part of this Policy. Projects that lie outside the three cities or the historic villages but lie within the urbanized area must have water and sewer service in place in order to qualify for OCIDA consideration.

Applications received by OCIDA for eligible projects within the defined Eligible Areas will be considered for Tier 1, Tier 2 or Tier 3 benefits provided the application can achieve the required minimum number of points for these benefit levels.

Eligible Area projects shall be located in downtowns or along main street corridors, neighborhood commercial districts, in an approved Local Waterfront Revitalization Plan (LWRP), defined areas proposed by the municipality or directly adjacent to colleges/universities campuses.

4. Criteria:

OCIDA will entertain applications for assistance that fall within the following criteria, using the following 85 point scoring system for each application received:

Criteria	Description of Criteria	Points
Adaptive Reuse	Projects that propose a change in use to an existing building (e.g., reuse of vacant or	20
Projects	underutilized facility) or propose development on a vacant urban infill site ² that is	
	being repurposed or redeveloped for an eligible housing project.	
Eligible Area	Projects located within Eligible Areas (see attached map) that have 24 or more units of	20
Locations	eligible housing units via new construction or renovation, except for urban infill	
	development projects where the IDA will entertain applications for projects located on	
	a vacant urban infill site that has less than 24 units of eligible housing.	
Utilizes Existing	Projects that <i>utilize existing infrastructure</i> (i.e. utilizing both existing sewer and water	15
Infrastructure	services and do not require system expansion. Modernizations, such as replacing	
	existing pipes where service is already provided, are viewed favorably).	
Community	Projects that create other benefits that inure to the benefit of the community that may	10
Benefits	include: rebuilding community infrastructure, pays sewer credits, creates or	
	contributes to a community amenity, dedicates land to a municipality for a public	
	improvement (e.g., municipal parking lot, trail, park or recreational improvement,	

² Urban infill site focuses on the reuse of obsolete or underutilized buildings and sites where the proposed development would include infill rental housing being constructed on vacant or underutilized property.

Total Points:		85
	must create at least 2 FTEs.	
Projects	project proposes direct job creation with non-residential uses). To reach 20 points,	
Development	a building's total area and the project induces job growth (mixed use development	
Mixed Use	Projects that are mixed use development with housing being at least -50% or more of	20
	provides other benefits deemed important and relevant by OCIDA.	
	programs, provides mixed income rental units to support workforce housing, or	
	areas/enhancements), is part of a Brownfield, utilizes federal/state historic tax credit	
	(e.g., flooding wetlands creation/restoration, development of habitat	
	corridor, downtown, or main street area), provides an environmental enhancement	
	demolition or supports in-fill development within a neighborhood, commercial	
	community center/fitness center), removes slums and blighting influences (e.g.,	

5. Scoring of Housing Applications:

OCIDA shall use this scoring system to determine the level of Agency benefits:

- Tier 1 Benefits: projects that score at least 60 points may receive abatement of real property taxes, exemptions from sales taxes and exemptions from mortgage recording taxes
- Tier 2 Benefits: projects that score between 50 to 59 points may receive abatement of real property taxes, exemptions from sales taxes and exemptions from mortgage recording taxes
- Tier 3 Benefits: projects that score 40 to 49 points may receive exemptions from sales taxes and exemptions from mortgage recording taxes (not eligible for abatement of real property taxes)

Term of PILOT	Tier 1 – PILOT	Tier 2 – PILOT
Exemption Schedule	Exemption Schedule	Exemption Schedule
1	100%	75%
2	100%	75%
3	100%	75%
4	100%	75%
5	75%	50%
6	50%	25%
7	50%	
8	25%	
9	10%	
10	10%	

Applicants will pay 100% of all taxes due and owed until a Certificate of Occupancy is issued for a project, and then the first exemption year in the schedule will begin effective the first taxable status date after a Certificate of Occupancy is issued.

6. Ineligible Housing Projects:

OCIDA will not consider housing applications that propose new suburban subdivisions that serve single family detached housing or projects that are not located within the eligible areas as referenced in Section 3 and included on the map, which is attached hereto and made a part of this policy.

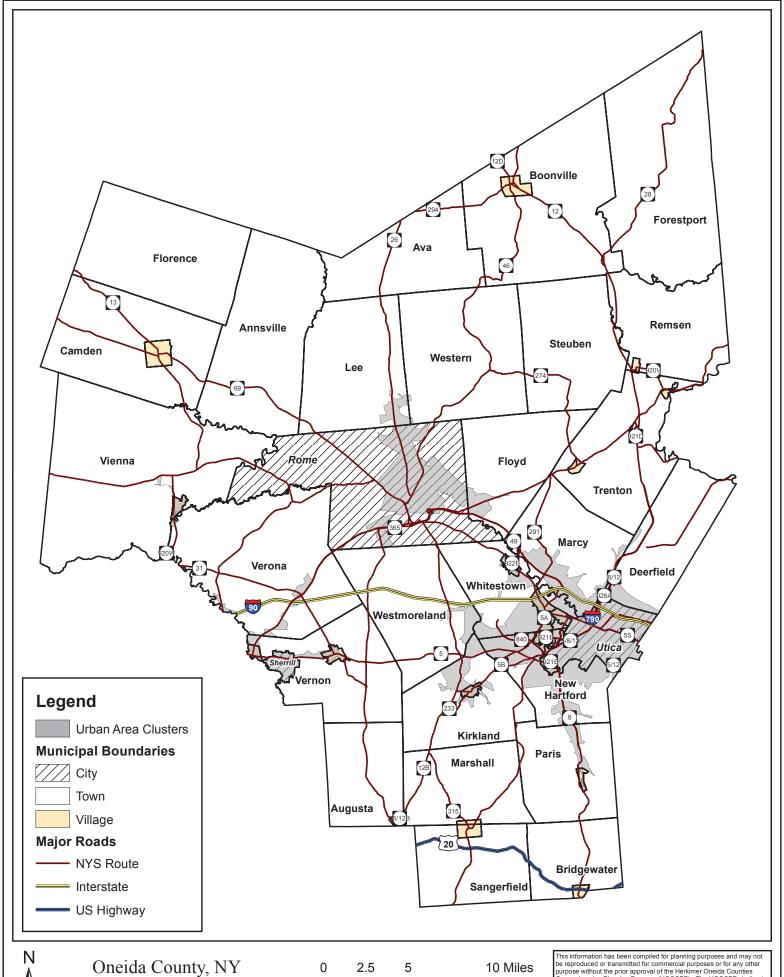

7. Sunset Provision:

The effective date of this policy will commence on the first day of the month following the date in which this Policy is formally approved in accordance with requirements set forth under Article 18A of the General Municipal Law and shall remain in effect for a period of three years, unless OCIDA elects to extend or modify the Policy.

All applicants who are granted approval during this time period will have twenty-four (24) months to complete their project, which shall be evidenced by issuance of a Certificate of Occupancy by the applicable local codes officer for the political subdivision where the project is situated. Receipt of a Certificate of Occupancy is required in order to receive all tax benefits that were granted in the final authorizing resolution approved by OCIDA.

8. Agency Fees:

The applicant will be required to remit to OCIDA all applicable fees (see fee schedule), including payment of all OCIDA legal costs associated with the project and an annual rent payment of \$500, which is due as part of the lease agreement with OCIDA. A copy of the applicable fee schedule is included with the application package. When the application is submitted, the applicant shall submit a check for \$1,500 which includes a non-refundable application fee of \$500 and a commitment fee of \$1,000 that will be applied at closing; if the project does not close the \$1,000 is not refundable. Other than the application fee and the annual rent payment, all other fees shall be due and paid at closing.
